PROFESSIONAL SUMMARY

Highly motivated Information Technology student with a strong passion for software development, web technologies, and creative problem-solving. Experienced in developing full-stack applications using modern frameworks and tools. Skilled in designing intuitive user interfaces and writing clean, maintainable code. Eager to contribute to innovative projects and continuously grow as a developer.

EDUCATION

Bachelor of Science in Information Technology

Present

Dire Dawa University — Dire Dawa, Ethiopia

- Studying core algorithms, data structures, database systems, and software engineering.
- Developing academic projects using Java, HTML/CSS, JavaScript, MySQL, and Firebase.
- Actively participating in coding communities and tech-related extracurricular activities.

TECHNICAL SKILLS

Frontend & Design

HTML5

CSS3

JavaScript

React.js

UI/UX Design

Responsive Design

Backend & Database

Node.js

Java

MySQL

Firebase

Tools & Platforms

Git & GitHub

VS Code

REST APIs

Core Competencies

Problem Solving

Team Collaboration

Agile Methodology

PROJECTS

Exam App

A comprehensive examination application designed to streamline academic testing and evaluations for students and instructors. Implemented user authentication, question management, automated grading, and result tracking.

Technologies: Java · MySQL · Firebase

Electricity Billing System

A robust billing system designed to manage electricity consumption records, generate accurate customer bills, and track payment history efficiently. Features include customer management, meter reading input, and automated bill generation.

Technologies: HTML/CSS · JavaScript · Node.js

LANGUAGES

Amharic — Native **English** — Professional Proficiency

INTERESTS

Software Development · Web Technologies · Open Source Contributions · Learning New Technologies · Creative UI/UX Design · Problem Solving Challenges
